The place was a killing field. and the old miner was right in the thick of it. And because of what he soon discovers, he describes it as the saddest day of his life. Memory of a Miner is the true account of one man s journey as an old-school miner in the southern Appalachian coal mining region of Harlan County, Kentucky, between 1931 and 1959 - the same period that bloody Harlan gained its reputation as the battleground for some of the most insidious conflicts over worker s rights this country has ever known. But despite coal wars at home and the World War abroad, the fun times shared and the friendships made make this the most treasured time of life for most of those who lived it. That was certainly true for this miner and his family! Memory of a Miner chronicles the joy and sadness, success and failure, hardship and bounty of this miner on an intimate scale....
