Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at any time of your own time (that's what catalogues are for about if you ask me).

Createspace, United States, 2015. Paperback. Book Condition: New. Brief. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Mr. Simonds title-page shows one that he took his doctor s degree at Strassburg and is now Professor of English Literature at Knox College (Illinois). These two facts are well worth noticing because of the comparative rarity of publication by the overworked professors of our Western colleges, and because nine out of ten men who go into our chairs of English, after German university training, do philological rather than literary work. The significance of Professor Simonds volume does not depend on its size, and will be apparent to all observers of the trend of the collegiate study of literature in this country. The book contains an outline history of the development of English fiction, occupying some seventy pages, chronological tables, and a list of one hundred works of fiction, English and continental, which for one reason or another are worth reading So far as It goes the volume is suggestive to teachers. - The Review of Reviews, Volume 11 [1895].
