Vaccari, 2005. Book Condition: new. Testo Italiano e Inglese. Revisione del testo in inglese a cura di Roy A Dehn. Presentazione di SAR Maria Gabriella di Savoia. Vignola, 2005; ril., pp. 128, 174 ill. col. (La storia attraverso i documenti. 17). From the foreword by Maria Gabriella of Savoy: "History seen through postage stamps, cancels and postal documents; it is quite original even from the standpoint of politics. I became immediately enthusiastic about the idea of following my father's kingdom in 1946 in that peculiar way." To show that specific and very interesting moment in Italian history, when the Kingdom of Italy came to its end, postal documents are really important as they allow us to follow "day by day" the historical development. And it is a "postal calendar" which guides us through the 36 days relevant to the Kingdom of Umberto II, the "King of May", last King of Italy. Letters, postcards, documents which follow the events from 9 May 1946, the day on which H.M. Victor Emmanuel III abdicated the throne in favour of his son Umberto, Prince of Piedmont, to 13 June 1946, when H.M. Umberto II decided to leave Italy following the results of the 2 June 1946 referendum, through which the Italians chose between Republic and Monarchy. Mail, images, documents, showing also previous and following moments, contribute in creating a complete picture of the period. They have been selected in order to enrich and deepen postal-historical knowledge. CONTENTS Foreword by Maria Gabriella of Savoy - Introduction by Paolo Vaccari - The "King of May" by Emilio Simonazzi - Biographical notes - Historical events - Precursory events: The Allied landing in Sicily, 10 July 1943; The armistice with the Allies and the move to Brindisi, 8 September 1943; The Fascist Government in the North, 15-23 September...
