Reviews

It is really an incredible publication which i actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Jodie Wehner)

THE DEBATES ARE SUPPORTED WITH** book.

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Big Fish Little Pond is a fictional and very emotive, topical debate about the factual social history of Britain to where we arrive today. The main character is a dignified and respected man of senior years, whose grandson is caught up in a serious criminal incident and plot. This triggers the thrust of the book which features five prominent characters who participate in a rigorous live time debate focussing on crime and disorder, human rights, racism, religion and the economy in a week long Government run and monitored operation based in Southern England, with genuine supporting historical and current factual research. The book builds to a poignant and ironic conclusion which will stir the reader's passion and emotion. The book is very prevalent to well publicised events and the mood of the country and I can guarantee that it will get you thinking - as much as challenging your own views and opinions.
