Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Florida, Its Climate and Productions: Deland, a Famous Resort and Educational Centre, the Home for the Invalid, Pleasure Seeker, and Those Wishing to Escape the Rigors of Winter Climate In this little pamphlet it is not our intention to speak as an historian of our growing little town. There is no occasion for calling up the deeds and actions of our first settlers and founders and recording them on the everlasting page of history, for the simple though sufficient reason, that they are still with us and can speak for themselves. The aim of this book is to put before the thousands of people who have their eyes turned longingly to this land, a plain, unvarnished statement of facts concerning Florida, and especially of one of the most desirable places on the peninsula - DeLand. These statements are not put forth by land speculators, who are anxious to induce immigration at whatever cost of truth and principle, in order that they may dispose of their real estate at remunerative figures, but by those who wish by honest, honorable and above all else, truthful means to attract the attention of those who believe that a removal to our sunny land will be beneficial. To this class we most respectfully inscribe this pamphlet, and assure them that in whatever particular it fails, it certainly answers the requisite of a truthful portrayal of facts as they exist in DeLand, at the present time.
