SAFE CHILD DANGEROUS WORLD: A FAMILY SURVIVAL GUIDE

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 178 pages. Dimensions: 9.0in. x 6.0in. x 0.4in.The title says it all. Safe ChildDangerous World is a unique compilation of information designed to aid parents, grandparents and other caregivers in keeping children out of harms way. All sixteen chapters are devoted to teaching safety concepts to young children and their families. There isnt a day that passes where were not confronted with screaming headlines about pointless, preventable injuries to and death of young children and, in some instances, whole families. As I am writing this, a glaring headline from the U. S. Department of Transportation National Highway Safety Administration (NHTSA) dated September 19, 2013, states that more than a third of children under age 13 who died in passenger vehicle crashes in 2011 were not in car seats or wearing seat belts. Safe ChildDangerous World will get your child through minor scrapes and major disasters. Part I - Avoiding Danger in Public Places - teaches your child how to be safe in malls, parks, playgrounds, crossing streets, riding bicycles, getting to and from school, etc. It provides vital information about water safety, automobile safety and handling summer outdoor threats. Part II - Dangers in the Home - teaches children what to do in hazardous situations--fire,...
