Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Superstition in Medicine What is medical superstition? By Dr. Hugo Magnus The history of medicine is closely interlinked with the development of theology. The errors of one are for the most part reflected in the mistakes of the other. No matter how obscure and dark the origin of either, whether derived from ignorance and superstition or not, the ultimate achievement alone must be taken into consideration. We do not reject chemistry because it originated in alchemy, we do not disregard astronomy because its roots are entwined with the teachings of astrology, and so in theology and medicine we look to the final issue. According to what we have stated, medical superstition might be defined as follows: Belief that the normal as well as the pathological manifestations of organic life may be explained and eventually treated, without consideration of their physical nature, by means of supernatural agencies. Medical superstition varies according to the kind and the origin of these supernatural causes, and therefore appears in the greatest variety of forms. If these causes were looked for in celestial regions, medical superstition became vested with the religious garb, and its source was in the religious cult; but if the belief prevailed that God shared the domination of the world with other mysterious elements, such as were embodied in different forms in accordance with the various philosophical systems, medical superstition bore a philosophical and mystical stamp whose origin is revealed in the history of philosophy. But if certain mysterious powers hidden in the womb of nature or active above the earth were considered to influence human life, medical superstition assumed a physical character. However, it frequently followed that the above three...
