Brand New Book ***** Print on Demand *****.The most destructive Frankenstein was created in the name of God, among Brazilians in Somerville, Massachusetts. An unhealthy faith system it was established. As a result, many Brazilians may not trust any authority. They are becoming unable to discern who supports their integrity, and who not. Visibly, the mental health of some religious leaders became an issue. The questions that arise at the intersection of faith and mental illness are not easily answered. It is impossible to deny the damage caused by some leaders around the Boston greater area. Faith has been destroyed, lives have been lost and an entire generation has been spiritually, emotionally and psychologically mutilated. This book represents an action to take responsibility before God and the second generation of Brazilians in the United States. In order to understand the reasons behind this process of deconversion the challenge is to consider some aspects of religious addictions, mental health and spirituality. The Brazilian community has been diagnosed with a spiritual tumor. This illness has the potential for causing isolation. Unless addressed, this sense of isolation and unproductive faith can be ongoing. Many of the Brazilians feel that their faith has been stolen, and it's time to take it back. Authentic accountability with each other could be the very thing that re-ignites our passion for Christ and His kingdom. Rev. Dr. Regina Pinto-Moura The Rev. Dr. Regina Pinto-Moura pastors the Shalom International Baptist Community in Somerville, Massachusetts. She also serves side by side with her husband, the Rev. Dr. Jota Moura Rocha.
