PREFACE The present volume completes the work proposed by the Prince Society of atranslation into English of the VOYAGES OF CHAMPLAIN. It includes thejournals issued in 1604, 1613, and 1619, and covers fifteen years of hisresidence and explorations in New France. At a later period, in 1632, Champlain published, in a single volume, anabridgment of the issues above mentioned, containing likewise acontinuation of his journal down to 1631. This continuation covers thirteenadditional years. But it is to be observed that the events recorded in thejournal of these later years are immediately connected with the progressand local interests of the French colony at Quebec. This last work of thegreat explorer is of primary importance and value as constituting originalmaterial for the early history of Canada, and a translation of it intoEnglish would doubtless be highly appreciated by the local historian. Acomplete narrative of these events, however, together with a large amountamount of interesting matter relating to the career of Champlain derivedfrom other sources, is given in the Memoir contained in the first volume ofthis work. This English translation contains not only the complete narratives of allthe personal explorations made by Champlain into the then unbroken forestsof America, but the whole of his minute, ample, and invaluable descriptionsof the character and habits, mental, moral, and physical of the varioussavage tribes with which he came in contact. It will furnish, therefore, tothe student of history and the student of ethnology most valuableinformation, unsurpassed in richness and extent, and which cannot beobtained from any other source. To aid one or both of these two classes intheir investigations, the work was undertaken and has now been completed. E. F. S. BOSTON, 91 BOYLSTON STREET, April 5, 1882. TABLE OF CONTENTS. PREFACE VOYAGE OF...
