Paradoxically the imminent collapse of communism had been predicted frequently by Western observers during the early years of the Bolshevik rule. With the victory of the Second World War those voices were muted and the West accommodated with the existence of an obviously stable, mighty and economically expanding country.<sup>1</sup> The breakdown of communism in 1991 had been anticipated by few contemporary scholars, although the majority were aware of the symptoms of a deep crisis. In this essay I will argue that in order to better understand the collapse of communism in the Soviet Union, a central role must be...
